

CONFLICT-FREE SMELTER COMPLIANCE

Thames Side Sensors Ltd. confirms that, to the best of our knowledge, our products do not contain conflict minerals sourced from smelters or refiners that directly or indirectly finance or benefit armed groups in the Democratic Republic of the Congo or adjoining countries.

Our suppliers are required to comply with the requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Section 1502) and to source materials only from smelters that are compliant with the Responsible Minerals Initiative (RMI) or equivalent conflict-free programmes.

Due to the complexity of the global supply chain, Thames Side Sensors Ltd. cannot guarantee absolute traceability to the smelter level for all materials; however, we remain committed to responsible sourcing and undertake reasonable due diligence within our supply chain.

Review Frequency

The statement shall be reviewed annually, or sooner if significant changes occur in regulatory obligations.

A handwritten signature in blue ink, appearing to read 'J. Mason'.
